Step-by-Step Breakdown

Detailed explanation of each automated stage in the workflow.

1

Treatment milestone reached

System detects when a patient has completed a treatment phase, reached a specific visit count, or when monthly reporting cycle triggers analysis.

ChiroTouch

Eclipse Practice Management

2

 ACTION

Aggregate patient data

Collects all relevant patient information including SOAP notes, pain scores, functional assessments, and treatment protocols from the practice management system.

ChiroTouch

SOAP Vault

ChiroPad

3

 ACTION

Calculate outcome metrics

Processes collected data to compute key metrics like pain reduction percentage, functional improvement scores, treatment compliance rates, and recovery timeline progression.

ClinicTracker

Eclipse Practice Management

Evaluate treatment effectiveness

Analyzes whether patient outcomes meet established benchmarks and determines if current treatment plan should continue, be modified, or if discharge criteria are met.

ClinicTracker

Genesis Chiropractic Software

5

 ACTION

Generate outcome reports

Creates detailed patient progress reports and practice-wide analytics dashboards showing treatment efficacy trends and comparative outcome data.

Genesis Chiropractic Software

Eclipse Practice Management

6

 ACTION

Schedule follow-up actions

Automatically schedules patient consultations for care plan adjustments or creates alerts for practitioners to review cases requiring intervention.

ChiroTouch

ClinicTracker

7

 OUT PUT

Deliver actionable insights

Distributes outcome reports to practitioners and sends patient progress summaries while updating treatment protocols based on analysis results.

ChiroTouch

Genesis Chiropractic Software

Outputs

- Patient outcome progress reports
- Practice performance analytics dashboard
- Treatment plan optimization recommendations

Key Metrics

- Average pain reduction percentage
- Treatment plan completion rate
- Patient functional improvement scores

Tools & Integrations

- ChiroTouch
- Eclipse Practice Management
- SOAP Vault
- ChiroPad
- ClinicTracker
- Genesis Chiropractic Software
