## Step-by-Step Breakdown

Detailed explanation of each automated stage in the workflow.

1

⚡ TRIGGER

### Compliance deadline detected

System identifies upcoming regulatory reporting deadline and initiates automated compliance documentation workflow. Calendar integration

ensures no deadlines are missed.

## AI Business OS

n8n Calendar API

2

 ACTION

### Collect fleet operational data

Gathers vehicle mileage, driver hours, maintenance records, and safety incidents from fleet management platforms. Consolidates data from multiple sources into standardized format.

Samsara

Geotab

Verizon Connect

3

 ACTION

### Analyze regulatory compliance status

Scans collected data against DOT, FMCSA, and state regulations to identify violations, overdue inspections, and compliance gaps. Generates violation severity scores and required actions.

Fleet Complete

Compliance Database API

4

 DECISION

### Check for critical violations

Evaluates if any critical safety violations or regulatory breaches require immediate attention before standard reporting. Routes urgent issues to fleet managers for immediate action.

n8n

Alert System

5

 ACTION

### Generate compliance reports

## AI Business OS

Creates standardized regulatory reports including DVIR summaries, driver qualification files, and maintenance schedules. Formats documents according to specific regulatory requirements.

Teletrac Navman

Document Generator

6

 ACTION

### Submit reports to authorities

Automatically uploads completed compliance documentation to relevant regulatory portals and agencies. Confirms successful submission and maintains audit trail.

Government Portal APIs

GPS Insight

7

 OUTPUT

### Archive and notify completion

Stores compliance reports in document management system and sends confirmation to fleet managers with compliance status summary. Schedules next reporting cycle automatically.

Document Management System

Email API

## Outputs

- DOT compliance reports

- FMCSA regulatory filings

## AI Business OS

### Key Metrics

- Compliance report accuracy rate
- On-time submission percentage
- Manual compliance work hours saved
