WORKFLOW TRIGGER

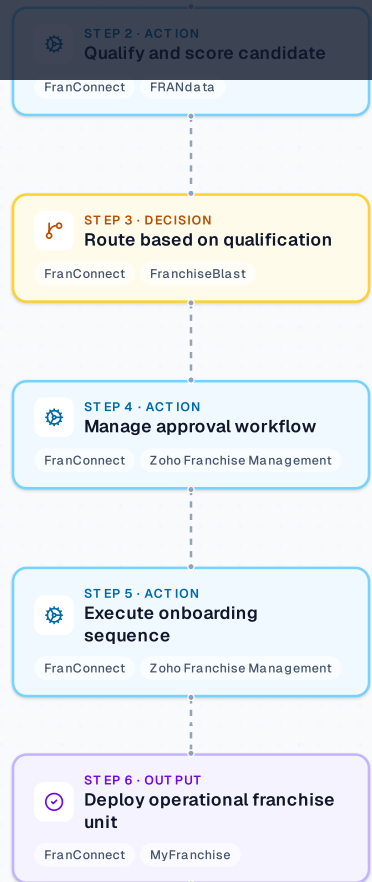

New franchise inquiry form submitted through website or lead generation campaign

Visual Flow

Each node represents an automated step. Connections show how data and decisions move through the workflow.

Step-by-Step Breakdown

Detailed explanation of each automated stage in the workflow.

1

⚡ TRIGGER

Capture franchise inquiry

New potential franchisee submits interest form with contact information, financial capacity, and location preferences. Data is automatically parsed and stored in the franchise management system.

2

 ACTION

Qualify and score candidate

System evaluates candidate against franchise criteria including financial requirements, experience, and territory availability. Generates qualification score and flags high-priority leads.

FranConnect

FRANdata

3

 DECISION

Route based on qualification

Qualified candidates are fast-tracked to franchise development team while unqualified leads receive automated rejection with alternative options. Mid-tier candidates enter nurturing sequence.

FranConnect

FranchiseBlast

4

 ACTION

Manage approval workflow

Qualified candidates proceed through multi-stage approval process including financial verification, background checks, and franchise committee review. Progress is tracked and stakeholders notified at each stage.

FranConnect

Zoho Franchise Management

5

 ACTION

Execute onboarding sequence

Approved franchisees receive automated training schedules, documentation packages, and system access credentials. Onboarding milestones are tracked and completion status monitored.
