Step-by-Step Breakdown

Detailed explanation of each automated stage in the workflow.

1

⚡ TRIGGER

Project Creation Detected

A new interior design project is initiated in the project management system with defined scope and timeline. System captures project details, client information, and initial milestone dates.

2

 ACTION

Import Design Milestones

Automatically extracts project phases from CAD files and design documents to create milestone schedule. Sets up tracking for design approval, material selection, and installation phases.

AutoCAD

Chief Architect

Houzz Pro

3

 ACTION

Monitor Progress Status

Continuously tracks completion status of design tasks, material deliveries, and contractor work against scheduled milestones. Calculates percentage complete and identifies potential delays.

Houzz Pro

SketchUp

4

 DECISION

Evaluate Timeline Adherence

Analyzes current progress against planned schedule to determine if project is on track, at risk, or delayed. Checks for milestone completion dates and resource availability conflicts.

Houzz Pro

5

 ACTION

Generate Progress Reports

Creates visual progress reports with updated timelines, completion percentages, and upcoming milestones. Includes project photos and design visualization updates for client presentation.

Adobe Creative Suite

SketchUp

Houzz Pro

6

 ACTION

Send Stakeholder Notifications

Automatically sends progress updates to clients, contractors, and team members based on milestone completion or delay alerts. Customizes communication based on recipient role and project status.

Houzz Pro

Adobe Creative Suite

7

 OUTPUT

Deliver Timeline Dashboard

Provides real-time project dashboard showing current status, upcoming milestones, and any required actions. Updates project timeline and sends summary to all stakeholders.

Houzz Pro

Adobe Creative Suite

Outputs

- Automated milestone tracking dashboard

- Client progress reports with visualizations

AI Business OS

Key Metrics

- Project on-time completion rate
- Average milestone delay duration
- Client satisfaction with communication frequency

Tools & Integrations

- Houzz Pro
- AutoCAD
- Chief Architect
- SketchUp
- Adobe Creative Suite

AI Business OS

Actionable AI implementation strategies for business leaders ready to transform their operations.
