STEP 6 · ACTION
Generate compliance reports
ServiceTitan CleanGuru

STEP 7 · OUTPUT
Deliver quality documentation
ServiceTitan ServiceM8

Step-by-Step Breakdown

Detailed explanation of each automated stage in the workflow.

1

Service completion logged

Cleaning team marks job as complete in the scheduling system. This automatically initiates the quality inspection workflow for that location.

ServiceTitan

Jobber

2

 ACTION

Deploy inspection checklist

System sends standardized digital inspection form to quality inspector's mobile device. Form includes location-specific compliance requirements and photo capture points.

CleanGuru

ServiceM8

3

 ACTION

Conduct digital inspection

Inspector completes checklist using mobile app, capturing photos of work areas and recording compliance scores. GPS verification ensures inspector is on-site.

CleanGuru

ServiceM8

4

Evaluate compliance scores

System analyzes inspection results against predefined quality thresholds. Scores below 85% trigger corrective action pathway, while passing scores proceed to client notification.

CleanGuru

5

⚙️ ACTION

Execute corrective protocols

For failed inspections, system automatically schedules re-cleaning, notifies team lead, and flags staff for additional training. Client receives proactive communication about resolution timeline.

ServiceTitan

Jobber

6

⚙️ ACTION

Generate compliance reports

System compiles inspection data, photos, and compliance scores into formatted reports. Reports are automatically saved to client portal and internal quality management system.

CleanGuru

7

📄 OUTPUT

Deliver quality documentation

Completed inspection reports with photos and compliance scores are sent to clients via email. Internal dashboard updates with quality metrics for performance tracking.

Outputs

- Digital inspection reports with photos
- Client compliance scorecards
- Staff performance alerts
- Quality trend analytics

Key Metrics

- Average compliance score
- First-time pass rate
- Re-inspection frequency

Tools & Integrations

- ServiceTitan
- Jobber
